**Describe how this project fulfills a Public Purpose of support or economic stimulation.** Public purpose statements that have been previously approved by NPS FA Management and the DOI Solicitors office for the Justification for Use of Financial Assistance document include, but are not limited to, the following. If one of the public purpose statements below is appropriate for your proposed FA grant or agreement, check the appropriate public purpose statement(s) below. If an appropriate public purpose statement does not exist below you must write a more applicable public purpose statement in the space provided below or as an attachment if additional space is needed. **The statement of work within the proposed FA grant or agreement must provide additional details in support of your public purpose statement.** (Attach Statement of Work or copy/paste into Single Source Justification Scope of Work section of the below).

The project engages recipients, partners, communities, and/or visitors in shared environmental stewardship.

The project promotes greater public and private participation in historic preservation programs and activities. The project builds resource stewardship ethics in its participants.

The information, products and/or services identified or developed by this project will be shared through a variety of strategies to increase public awareness, knowledge and support for historic preservation and stewardship of the nation's cultural and historical heritage.

The principal purpose of the project is to support the Government's objective to provide opportunities for youth to learn about the environment by spending time working on projects in National Parks. The NPS receives the indirect benefit of completing conservation projects.

The project motivates its youth participants to become involved in the natural, cultural and /or historical resource protection of their communities and beyond.

Students gain "real world" or hands-on experience outside of the classroom of natural, cultural and/or historical resource projects.

The scientific community and/or researchers external to NPS gains by new knowledge provided through research and related results dissemination of natural, cultural and/or historical resource information.

The project assists in the creation, promotion, facilitation, and/or improvement of the public's understanding of natural, cultural, historic, recreational and other aspects of areas such as ecological conservation areas, and state and local parks.

**For an Agreement, explain the nature of the anticipated Substantial Involvement. What will NPS specifically do to carry out the project?** Substantial involvement statements that have been previously approved by NPS FA Management and the DOI Solicitors office for the Justification for Use of Financial Assistance document include, but are not limited to, the following. If one of the substantial involvement statements below is appropriate for your proposed FA agreement, check the appropriate substantial involvement statement(s) below. If an appropriate substantial involvement statement does not exist below you must write a more applicable substantial involvement statement in the space provided below or as an attachment if additional space is needed. Substantial involvement is a fact-specific inquiry that will vary from project-to-project. **The statement of work within the proposed FA grant or agreement must provide additional details in support of your substantial involvement statement.** For a grant, simply check the box to confirm that substantial involvement does not exist:

The project being proposed is a Grant. Substantial involvement does not exist.

NPS is involved with the recipient in describing the goals, jointly developing the scope and the activities to be accomplished. This must be combined with other substantial involvement, such as providing technical assistance or any of the statements listed below, that goes beyond Federal stewardship responsibilities.

NPS staff will assist the recipient in selecting projects, provide orientation to park resources, oversee assignments, teach new skills, distribute tools and equipment and provide technical assistance and safety training.

NPS will provide cultural/environmental programs to the team members including park tours, educational programs, talks on the history of the park, and other similar programs in a variety of media and will coordinate among other NPS units in the area to provide joint educational programs and field trips to NPS and other related sites.

NPS will provide the programmatic structure of the project, provide special interpretive programs, and provide educational elements of the project such as trade skill development and leadership development.

NPS staff will work together with recipient to jointly organize and deliver seminars, workshops and types of training programs for the purpose of promoting historic preservation to non-Government entities, States, Tribes and local governments and the general public.

NPS will provide the services of a Program Coordinator to serve as liaison to (the recipient) for the work under this agreement. This includes consulting and working specifically with the Recipient's program coordinator and team leaders on recruiting , interviewing and recommending appropriate candidates.

NPS will provide a work leader and skilled maintenance staff to mentor and train the youth employed through this program.
